

Lubricant Warranty

Industrial Air Power Guarantees that its Lubricant is Completely Compatible with the OEM Products it is Intended to Replace.

Industrial Air Power guarantees that its lubricant has been tested for complete compatibility with all appropriate materials including seals, o-rings and hoses. Our lubricants will not cause damage to these parts or any other parts of compressed air systems under normal and reasonable operating conditions.

Industrial Air Power guarantees that its lubricants (the "product") meet the standards and specifications set forth on the product, the packaging of the product, and the product data sheets.

In the event that the product fails to conform with this warranty, Industrial Air Power shall be responsible for the reasonable costs of repairs for all damages which are directly caused by such failure provided the following steps are performed:

- *Industrial Air Power is notified of such failure within ten (10) days of discovery of such failure or damages resulting there from.*
- *A sample of the used product from the failed equipment is preserved and is provided to Industrial Air Power.*
- *The product was used in accordance with the operating instructions of the manufacturer of the equipment.*
- *Documentation is available to show that the equipment has been maintained in a preventative maintenance program, which meets the equipment manufacturer's recommendations.*

Industrial Air Power is not responsible for any consequential or indirect damages. The foregoing warranty is exclusive and in lieu of all other warranties, whether written, oral or implied (including any warranty of merchantability or fitness for purpose).
